Advanced Accounting 9/e uses the complete equity method to allow students to focus on accounting concepts rather than bookkeeping techniques in learning consolidation material. The presentation of consolidation material and the use of excerpts from popular business press and references to real world companies and governmental and non-profit institutions are used to illustrate key concepts and

Advanced Accounting (9th Edition)  
(Advanced Accounting) This is a  
horribly written book. The  
answers to the exercises are  
really hard to find in the text. A  
book should not involve a deep  
thought process, as that should be  
saved for the exams. I don't think  
the author matched well with his  
questions and what he or she  
wrote in the book.
