For ease of use there are also client libraries available for Java , C# , PHP , Python , Ruby and most other popular programming languages.

Apache Solr - Wikipedia

I'm familiar with Apache Solr on an MSSQL database, but now I'm looking how I can integrate Apache Solr with Apache Cassandra instead of my MSSQL database. I'm looking for tutorials and first steps setting up this integration, but can't find anything useful. With an MSSQLDB my data-config would look like this for example:
