~~The Ascent of Man, Drummond, Henry - Amazon.com~~  
Jul. 07, 1990 - Jubilation of 125 years since first ascent of Matterhorn : 125 years after English man Edward whyper climb at the top of famous Swiss mountain Matterhorn near zermatt July 14th 1865, different people did the same for jubilation. one of the was 90-years old Ulrich inderbinden (picture) , who i the oldest man ever made an ascent of Matterhorn.

Though its stand-point is Evolution and its subject Man, this book is far from being designed to prove

## Online Library Ascent Of Man By Henry Drummond

that Man has relations, compromising or otherwise, with lower animals. Its theme is Ascent, not Descent. It is a History, not an Argument. And Evolution, in the narrow sense in which it is often used when applied to Man, plays little part in the drama outlined here. So far as the general scheme of Evolution is introduced--and in the Introduction and elsewhere this is done at length --the object is the important one of pointing out how its nature has been misconceived, indeed how its greatest factor has been overlooked in almost all contemporary scientific thinking.

Provocative book with the perspective of evolution of man and his relations with the lowest animals.

# Online Library Ascent Of Man By Henry Drummond

Drummond has cohesively described gradient of man and how the nature is misconceived and its greatest factor is overlooked by scientific thinking. The book bequeaths modern thought to the evolution and nature of man. Thought-provoking!

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible.
