9780521680813 - Assisting at Surgical Operations

Otorhinolaryngology-head and neck surgery (ORL-HNS) is a relatively new surgical subspecialty. It offers many challenges to the surgeon and his or her assistant because of the diversity of structures operated upon. These include the ear, nose, mouth, throat, larynx and neck. Thyroid and parathyroid surgery is being performed increasingly by head and neck surgeons, and facial plastic surgery is comprising a greater part of the ORL-HNS workload.
