In this original book, B. Kumaravadivelu presents a macrostrategic framework designed to help both beginning and experienced teachers develop a systematic, coherent, and personal theory of practice. His book provides the tools a teacher needs in order to self-observe, self-analyze, and self-evaluate his or her own teaching acts. The framework consists of ten macrostrategies based on current theoretical, empirical, and experiential knowledge of second language and foreign language teaching.

There are three teaching
methods that dominate the
business of language
instruction: the Direct
Method, the Grammar-
Translation Method, and the
Audio-Lingual Method.
Deciding which is the best
method is difficult because
each has strengths and
weaknesses, and the nature
of a student's goals will
determine which is best for
