Blasphemy is Tehmina Durrani's novel about the exploitation at the hands of her husband. Many describe the novel to be about "religious" exploitation, however, it is evident in the story that religious plays no part in the sins of a man, its the exploitation of a religion that allows a mere man to act like God, in the case of this woman.

Summary: Fictionalized account of a true story of a Muslim woman, victim of disguised evils in Islamic society.

When a woman with brains and beauty from a wealthy background decides to take her fate into her own hands and challenge the restrictions of a male-oriented, conservative society, the consequences can be devastating. Born into one of Pakistan's most influ

In Douglas Preston's Blasphemy, the world's biggest supercollider, locked in an Arizona mountain, was built to reveal the secrets of the very moment of creation: the Big Bang itself. The Torus is the most expensive machine ever created by humankind, run by the world's most powerful supercomputer. It is the brainchild of Nobel Laureate William North Hazelius. Will the Torus divulge the mysteries of the creation of the universe? Or will it, as some predict, suck the earth into a mini black hole? Or is the Torus a Satanic attempt, as a powerful televangelist decries, to challenge God Almighty on the very throne of Heaven? Twelve scientists under the leadership of Hazelius are sent to the remote mountain to turn it on, and what they discover must be hidden from the world at all costs. Wyman Ford, ex-monk and CIA operative, is tapped to wrest their secret, a secret that will either destroy the world...or save it. The countdown begins... home every day. Sadly, she has not a clue that he is pining away for her, because in their society, boys and girls don't interact freely, much less talk about love. When he's not negotiating the tricky alleys of love, Mukund sits around the school field or loafs about town with his close friends, Surya, Chitre and Phawdya, railing against the education system, and debating ideas such as discipline and Bohemianism. Set in a small Maharashtrian town during the Emergency of 1975, Shala is a heart-warming, nuanced novel about the adolescent struggles that are as tortuous in real time as they are amusing in retrospect.

"A memoir of Nadia Murad's time as a captive of the Islamic State, her escape, and her human rights activism"--

Works of Wilde's annus mirabilis of 1891 in one volume, with an introduction by renowned British playwright. The Soul of Man Under Socialism draw on works from a single miraculous year in which Oscar Wilde published the larger part of his greatest works in prose -- the year he came into maturity as an artist. Before the end of 1891, he had written the first of his phenomenally successful plays and met the young man who would win his heart, beginning the love affair that would lead to imprisonment and public infamy. In a witty introduction, playwright, novelist and Wilde scholar Neil Bartlett explains what made this point in the writer's life central to his genius and why Wilde remains a provocative and radical figure to this day. Included here are the entirety of Wilde's foray into political philosophy, The Soul of Man Under Socialism; the complete essay collection Intentions; selections from The Portrait of Dorian Gray as well as its paradoxical and scandalous preface; and some of Wilde's greatest fictions for children. Each selection is accompanied by stimulating and enlightening annotations. A delight for fans of Oscar Wilde, In Praise of Disobedience will revitalize an often misunderstood legacy.

A riveting and powerful story of an unforgiving time, an unlikely friendship and an indestructible love
