methods and solutions for those everyday moments where you need a helping hand. From recognising the first warning signs of anxiety, to coping with a panic attack or social anxiety, Anna and Reetta will be with you every step of the way, offering practical strategies and straightforward guidance whenever and wherever you might need it. Whether at home, on the bus, at college, just before a meeting, or even having a meltdown in the work toilet cubicle, Breaking Mad is here for you. So welcome to the club – it's time to tackle anxiety head on!

With more than 1 in 10 new parents experiencing post-natal depression and anxiety, and after suffering the traumatic birth of her son, and herself being diagnosed with post-natal anxiety and birth trauma, Anna Williamson uncovers the real thoughts, feelings and behaviours that many of us experience in those first few weeks and months after becoming a parent. From 'I'm struggling to love my baby' to 'I miss my old life' and 'Will I ever feel like "me" again?' to 'I'm anxious about having sex' this book will help new parents cope with the often taboo topics that we ALL encounter. A therapist in your pocket, meaning you don't have to face one of life's most momentous experiences alone, or fear being judged of the weird and often worrying irrational thoughts that plague our frazzled minds. Mental health for new mums (and dads) is a thing - a big thing - and it's time we all stopped suffering in silence. It takes time to adjust to this new identity and role - whether it's making new friends, coping with changing relationships, breast and bottle feeding anxiety, going back to work worries, or the whole shift being a new

"Perseverance is much more important than talent. Because so many talented people fall by the wayside." --James Michener

The history of writing is full of authors striving to succeed in a hyper-competitive publishing world, contending with agents, editors, publishers, critics, and sometimes the greatest challenge of all - overnight success. For all of the extraordinary changes that have recently taken place, however, there are a few things that remain the same. Getting published still requires persistence, preparation, and smarts, as well as an understanding of how the business works, where it's been, and where it's going. An Insider's Guide to Publishing pulls back the industry curtain for millions of published and aspiring authors, revealing Hemingway's famous feuds, Poe's raving madness, Capote's vengeful wit, and much more. With clever insights and dark humor to spare, David Comfort, a thirty-year veteran of the publishing trenches, explores the achievements and faults of literary masters and editorial workaholics to show readers how they, too, can:

- Use their creativity and composure to overcome publishing pitfalls.
- Work with agents, editors, publishers, and critics like a pro.
- Deal with rejection - and success - while avoiding the madhouse.
- Navigate the pros and cons of both traditional and self-publishing.

An Insider's Guide to Publishing shares the wicked wit and wisdom of some of the craziest and most ambitious authors and editors of all time - proving that even the talented need

First Time in Print Updated and expanded To win a role in a movie or on network or cable TV, you must make a strong first impression in your brief, crucial audition—and the first person you have to impress is the casting director. In How to Audition On Camera, Casting Director Sharon Bialy answers the twenty-five questions actors ask most frequently about how to nail an audition. What is the casting director looking for? If you mess up, can you start over? What is the most common mistake experienced actors make? Should you audition off book or can you look at the page? Should you dress in character? How much can you

improvise? Actors—both novice and professional—are often misled by myths and outdated prescriptions. This guide replaces such misinformation with concise and accurate advice from someone who is in the room helping to make the decision on who gets the job. Bialy gets readers started immediately on the road to screen acting success.

“A memoir with the fierce narrative force of an eastern Montana blizzard, rich in story and character, filled with the bone-chilling details of Blunt’s childhood. She writes without bitterness, with an abiding love of the land and the work and her family and friends that she finally left behind, at great sacrifice, to begin to write. This is a magnificent achievement, a book for the ages. I’ve never read anything that compares with it.” —James Crumley, author of *The Last Good Kiss* Born into a third generation of Montana homesteaders, Judy Blunt learned early how to “rope and ride and jockey a John Deere,” but also to “bake bread and can vegetables and reserve my opinion when the men were talking.” The lessons carried her through thirty-six-hour blizzards, devastating prairie fires and a period of extreme isolation that once threatened the life of her infant daughter. But though she strengthened her survival skills in what was—and is—essentially a man’s world, Blunt’s story is ultimately that of a woman who must redefine herself in order to stay in the place she loves. *Breaking Clean* is at once informed by the myths of the West and powerful enough to break them down. Against formidable odds, Blunt has found a voice original enough to be called classic.

Instant National Bestseller "Excellent." --San Francisco Chronicle "Brotopia is more than a business book. Silicon Valley holds extraordinary power over our present lives as well as whatever utopia (or nightmare) might come next." --New York Times Silicon Valley is a modern utopia where anyone can change the world. Unless you're a woman. For women in tech, Silicon Valley is not a fantasyland of unicorns, virtual reality rainbows, and 3D-printed lollipops, where millions of dollars grow on trees. It's a "Brotopia," where men hold all the cards and make all the rules. Vastly outnumbered, women face toxic workplaces rife with discrimination and sexual harassment, where investors take meetings in hot tubs and network at sex parties. In this powerful exposé, Bloomberg TV journalist Emily Chang reveals how Silicon Valley got so sexist despite its utopian ideals, why bro culture endures despite decades of companies claiming the moral high ground (Don't Be Evil! Connect the World!)--and how women are finally starting to speak out and fight back. Drawing on her deep network of Silicon Valley insiders, Chang opens the boardroom doors of male-dominated venture capital firms like Kleiner Perkins, the subject of Ellen Pao's high-profile gender discrimination lawsuit, and Sequoia, where a partner once famously said they "won't lower their standards" just to hire women. Interviews with Facebook COO Sheryl Sandberg, YouTube CEO Susan Wojcicki, and former Yahoo! CEO Marissa Mayer--who got their start at Google, where just one in five engineers is a woman--reveal just how hard it is to crack the Silicon Ceiling. And Chang shows how women such as former Uber engineer Susan

Fowler, entrepreneur Niniane Wang, and game developer Brianna Wu, have risked their careers and sometimes their lives to pave a way for other women. Silicon Valley's aggressive, misogynistic, work-at-all costs culture has shut women out of the greatest wealth creation in the history of the world. It's time to break up the boys' club. Emily Chang shows us how to fix this toxic culture--to bring down Brotopia, once and for all.

Does public speaking paralyze you and tie your stomach into knots? Want to get a standing ovation every time? What goes into a dazzling opening and closing? Does the prospect of facing embarrassing judgment make your palms sweat? Or do you want to learn how to absolutely own the stage and become a magnetic speaker? Public speaking and presenting is one of the most common phobias -- and it's completely understandable. When else in our lives are we so open and vulnerable? But it's a necessary evil in all aspects of our lives, whether professionally and personally. From making a presentation in the boardroom to being more confident with the opposite sex, your speaking skills will take you to the next level and get what exactly what you want in your life. Fearless Public Speaking is the rare book that will (1) help you destroy your anxiety so you can confidently take any stage, and (2) once you're up there, be unforgettable and captivating as a speaker. The tenets in this book come from studying the experiences of the best presenters in the world, from CEOs, standup comics, to actors, and more. Jason Bax, noted actor, speaker, and entrepreneur, lends his thoughts in a guest chapter. And me? I'm a
