Dragonsbane is a fantasy book written by the underrated Barbara Hambly. It covers about 3 to 4 days for most of the book, and the magic in them comes from witches. But the real magician here is the author. She spins her yarn patiently, letting us wait until the things that are simmering come to a boil.

Condemned to die for  
consorting with demons. The  
novels of New York Times  
bestselling author Barbara  
Hambly have broken new  
ground in the realm of  
fantasy. With a sweeping  
cast of characters whose  
powers are both awesome and  
heartachingly limited, the  
Dragon series is built  
around the touching  
relationship between a  
husband and wife separated  
by a flood of violence and  
chaos.
