Economics by Lipsey and Chrystal - AbeBooks
this book has covered any possible question could have arisen in my mind regarding any economic theory. it is very good book for introductory economics learners as it explains the reasoning very clearly with examples and analytically explained graphs. i would have liked it even more if there was more mathematics there; anyway that could have made it not very accessible to all kind of learners. i would recommend this book to anybody who is interested to learn about the basics of the economic ...
