Love of a poet came from my whole heart and the love that I have for writing. I really enjoyed writing love of a poet. This book sent me on a ride of different feelings. some feelings were emotional. This book brought spiritual growth, love, happiness, laughter, and sadness to my mind, spirit, and soul. The love that I have for writing my poems came from what God has fed to my mind and my heart. Now I am able to feed to the world. What inspired me was my three children. My youngest daughter shaquanda, who inspired me. I surely let her know that God was feeding to my mind. I have a need to speak. she responded, "write about

My son took out the time to create some sketches to inhance my book,and I loved my book even more. Then my oldest daughter Jasmine,she was such a big motivater. Her honesty really helped me with what needed to be changed.

The lord would wake me all the time to write. It was a must. Who am I? I am a single mom. I live in memphis Tennessee. I am 38 years old.

to believe that we are entitled to a lifestyle that is well-beyond our current income, a tendency that goes back to the earliest days of the United States and particularly to get rich quick experiences ranging from the Gold Rush of the 1840s to the real estate bubble of the early 21st Century. Inflated examines this apparent conflict and makes the argument that such a world view is so ingrained in us that to expect the United States to live in a “deflated” world is simply unrealistic. It skillfully seeks to tell the story of, money inflation and public debt as enduring (and perhaps endearing) features of American life, rather than something we can one day overcome as our policy makers constantly promise. • Features

interviews with today's top financial industry leaders and insiders. • Offer a glimpse into the future of the Federal Reserve and the role it will play in the coming years • Examines what the future may hold for the value of the U.S. dollar and the real incomes of future generations of Americans The gradual result of the situation we find ourselves in will inevitably lead to inflation, loss of economic opportunity, and a decline in the value of the dollar.
