Carbohydrates give the body energy. They are in many foods people eat each day. But some carbohydrates are healthier than others. Your Body on Carbohydrates uncovers the nutritional benefits of carbohydrates, how they interact with the body, and how to include them as part of a balanced diet. Easy-to-read text, vivid images, and helpful back matter give readers a clear look at this subject. Features include a table of contents, infographics, a glossary, additional resources, and an index. Aligned to Common Core Standards and correlated to state standards. Core Library is an imprint of Abdo Publishing, a division of ABDO.

With a circulating credit currency, a modern national debt, and sophisticated financial markets, England developed a fiscal-military state that instilled fear and facilitated the first industrial revolution. Yet this new system of credit was precarious and prone to accidents, and it depended on trust, public opinion, and ultimately violence.

When an Atlantean warrior and a British cat burglar both try to steal the same jewel from the Tower of London on the same night, the sparks will fly. When a power-mad vampire gets to the jewel first, they have to team up to save all shapeshifters ... and the world. A warrior ' s mission, a woman ' s desire... What could Christophe, powerful Warrior of Poseidon, have in common with Fiona Campbell, prim and proper Scottish illustrator of fairytales by day and notorious jewel thief known as the Scarlet Ninja by night? Answer: The Siren, a legendary Crown Jewel that Fiona has targeted for her next heist. It ' s said to be worth millions, but to Christophe it ' s invaluable. For the Siren also happens to be one of the missing jewels from Poseidon ' s trident. And the unnatural evil that could destroy them both. But breaking into the Tower of London is a two-person job, so Christophe and Fiona team up to commit the crime of the century. As newfound passions fire their motives--and cloud their judgment--they realize they aren ' t the only ones after the priceless gem. A dark force is shadowing their every move, and threatening to shatter their trust with revenge, betrayal, and a haunting revelation about the past.

Develops a simple non-Euclidean geometry and explores some of its practical applications through graphs, research problems, and exercises. Includes selected answers.

New this year is an ?Herbal and Alternative Therapies? section. This is the Pocket Pharmacopoeia for the power user! The expanded version of the classic Tarascon Pocket Pharmacopoeia continues the high-quality tradition of a convenient and organized pocket manual detailing typical drug dosing (both FDA approved and off-label uses), available trade and generic formulations, metabolism, safety in pregnancy and lactation, Canadian trade names, and relative pricing information. The Deluxe takes it all a step further by including additional drugs and dosing indications, black-box warnings, notes regarding adverse effects and drug interactions, and a table of cytochrome P450 isozymes. Packed with this expanded information and more tables than the Classic, the Deluxe is still small enough to comfortably fit in your lab coat pocket. As with the Classic, all entries are meticulously peer-reviewed by drug information experts and clinicians of multiple specialties.

"Maybe you're not meant to manipulate fire the way I do. Maybe sparks are all you're ever going to make."He snarled, "Or maybe you just need to be a better teacher and give me more." Before I could reply, he grabbed my hand, twisted and pulled me into a restraining lock. Body pressed against my back, he held me in a chokehold. I struggled. Kicked. Fought. Pain knifed me as I tried to free myself. He spoke and his breath was hot in my ear. "Now, fire goddess let's see if I can make more than sparks." Rising panic choked me, with it came rage. And with rage, came fire. Keahi felt it. He laughed as I strained against him. As together we both burst into flame...At the close of Book One, Telesa the Covenant Keeper - Leila and Daniel are finally able to love without fear of retribution. Or are they? As a malicious telesa plots her revenge, a mysterious stranger arrives on the island. Fuelled by hate and running from a fiery past, he looks to Leila for answers and she must fight to contain the fury of fanua-afi while trying to protect all those she loves. It seems that this is a battle she must wage alone, for Daniel's ocean birthright cannot be denied and he refuses to walk beside her. Are Leila and Daniel destined to be forever divided by the elements? When it comes to Water and Fire, daughter of earth and son of the ocean - who will endure? When water burns?This is the second book in the Telesa Trilogy and follows on from book one, 'Telesa: The Covenant Keeper.'
