He had a fiancée, she had a man she loved, they did not love each other but they were wonderful together, at night she was his bed mate when he called her, during the day she was an obscure little actor in the show business. He watched coldly from the sidelines, letting her see what was going on in the mortal world, how she was suffering from the cold, how she tried to get close to her goal time and time again, how he did everything he could to destroy her. He made up a false impression that he was in love with her, and when she was about to fall, he cruelly handed her an invitation to marry, and looking into her helpless eyes, he said coldly, "Woman, the game is over!"

John Steinbeck is one of the most popular and important writers in American literature. Novels such as *The Grapes of Wrath*, *Of Mice and Men*, and *East of Eden* and the journal *Travels with Charley* convey the core of Steinbeck's work—fiction that is reflective and compassionate. The Nobel prize winner cared deeply about people, and his writing captured the spirit, determination, and willingness of individuals to fight for their rights and the rights of others. His art of caring is critical for today's readers and as a touchstone for our collective future. In *Citizen Steinbeck: Giving Voice to the People*, Robert McParland explains how the author's work helps readers engage in moral reflection and develop empathy. McParland also looks at the ways educators around the world have used Steinbeck's writings—both fiction and nonfiction—to impart ideals of compassion and social justice. These ideals are weaved into all of Steinbeck's work, including his journalism and theatrical productions. Drawing on these texts—as well as interviews with secondary-level teachers—this book shows how Steinbeck's work prompts readers to think critically and contextually about our values. Demonstrating the power a single author can have on generations of individuals around the world, *Citizen Steinbeck* enables readers to make sense of both the past and the present through the prism of this literary icon's inspirational work.

The Strashun Library was among the most important Jewish public institutions in Vilna, and indeed in Eastern Europe, prior to its destruction during World War II. Mattityahu Strashun, descended from a long and distinguished line of rabbis, bequeathed his extensive personal library of 5,753 volumes to the Vilna Jewish community on his death in 1885, with instructions that it remain open to all. In the summer of 1941, the Nazis came to Vilna, plundered the library, and shipped many of its books to Germany for deposition at a future Institute for Research into the Jewish Question. When the war ended, the recovery effort began. Against all odds, a number of the greatest treasures of the library could be traced. However, owing to its diverse holdings and its many prewar patrons, a custody battle erupted over the remaining holdings. Who should be heir to the Strashun Library? This book tells the story of the Strashun Library from its creation through the contentious battle for ownership following the war until present day. Pursuant to a settlement in 1958, the remnants of the greatest prewar library in Europe were split between two major institutions: the secular YIVO in the United States and the rabbinic library of Hechal Shlomo in Israel, a compromise that struck at the heart of the library's original unifying mission.

It is the 147th century; the turning of the Amaranthine new year. In the provinces of the Old World, the giant Elatine's war of liberation has come to an impasse, leaving the wicked monarchy of the First in possession of the throne. In the Vaulted Lands of the Firmament, acolytes have risen up to execute their immortal masters. The opportunistic races of the Prism, intoxicated with greed, have arrived inside every Solar Satrapy to scavenge what's left. In the wild Investiture, on a forgotten water moon, a crew of shipwrecked Privateers come face to face with their greatest terror, and with it the most valuable treasure in all the galaxy. Jatropha, legendary Immortal, must escort his precious charge through the exotic Westerly Provinces, knowing all the world would steal her if they could. Sotiris, his mind fading fast, must set out to find his dear, drowned sister in a land previously unglimped by anyone but the dead. Lycaste, now far from home, must journey in strange company to the edge of a tempestuous sea, to the lair of someone so dangerous that even the legendary Amaranthine fear his name.

This collection of recent scholarship on the thought of Michael Oakeshott includes essays by both distinguished and established authors as well as a fresh crop of younger talent. Together, they address the meanings of Oakeshott's conservatism through the lenses of his ideas on religion, history, and tradition, and explore his relationships to philosophers ranging from Hume to Ryle, Cavell, and others. The collection assigns no single or final meaning to Oakeshott's conservatism, but finds in him a number of possibilities for thinking fruitfully about what conservatism might mean, when it is no longer considered as a doctrine, but as a habit or a turn of mind.

Leonard Marcs is temp-to-hire at the Adventurer's Guild, and like most of the freelancers in Castaway, has no memory of coming to this dodgy little town at the bottom of the Multiverse. All he gets are terrible quests, and when he's not blackout drunk, he's being accosted by strange entities who seem to know him. His friends think he's being paranoid, but when Leonard finds a fish nailed to his door, it awakens forgotten memories of a sinister conspiracy, sending him on a reality-shredding voyage across the mysterious Levels.

Ye Xiu was originally a famous Eight Extreme Temple disciple, but on the eve of becoming a Young Sect Master, he was assassinated miserably because of the jealousy of his senior brother. When he woke up, he found out that he had been reborn in the body of a disciple of the same name who had just been beaten to death. After reviving from the dead, Ye Xiu vowed to make the Eight Extreme Temple the top sect in the Profound Sky Continent. However, Profound Sky Great ...
