Mathematics – SpringBoard – The College Board

Course 1 students learn to: Model functions in numerical, symbolic (equation), table, and graphical forms. Communicate mathematics verbally and in writing, justifying answers and clearly labeling charts and graphs. Explore and represent data in a variety of forms. Use multiple representations to communicate their understanding of a math concept.

SpringBoard Mathematics is a highly engaging, student-centered instructional program. This revised edition of SpringBoard is based on the standards defined by the College and Career Readiness Standards for Mathematics for each course. The program may be used as a core curriculum that will provide the instructional content that students need to be prepared for future mathematical courses.

SpringBoard Mathematics is a highly engaging, student-centered instructional program. This revised edition of SpringBoard is based on the standards defined by the College and Career Readiness Standards for Mathematics for each course. The program may be used as a core curriculum that will provide the instructional content that students need to be prepared for future mathematical courses.

SpringBoard is a world-class English Language Arts Program for students in grade 6-12. Written by teachers for teachers. SpringBoard offers proven instructional design to get students ready for the AP, the SAT, and college--Back cover.

Helps to ease the transition between school/college and university mathematics by (re)introducing readers to a range of topics that they will meet in the first year of a degree course in the mathematical sciences, refreshing their knowledge of basic techniques and focussing on areas that are often perceived as the most challenging. Each chapter starts with a "Test Yourself" section so that readers can monitor their progress and readily identify areas where their understanding is incomplete. A range of exercises, complete with full solutions, makes the book ideal for self-study.

Includes: Print Student Edition

The Springboard Series containing titles on Science (Physics/Chemistry/Biology) and Mathematics both for class 9th and 10th, are thoughtfully designed to tread seamlessly along with the flow of the NCERT curriculum. This foundation series prepares students to gear up for the Board exams and various talent search examinations like NTSE, Olympiads, KVPY, etc. Comprising of 15 chapters on Mathematics, this series caters to students of classes IX. The core objective of the series is to help aspiring students understand the basic concepts with more clarity, in turn, developing a problem-solving approach. It also encourages students to attempt various competitive examinations from an early age.
