Two thousand years of legend and lore about the menace and majesty of dragons, which have breathed fire into our imaginations from ancient Rome to Game of Thrones A Penguin Classic The most popular mythological creature in the human imagination, dragons have provoked fear and fascination for their lethal venom and crushing coils, and as avatars of the Antichrist, servants of Satan, couriers of the damned to Hell, portents of disaster, and harbingers of the last days. Here are accounts spanning millennia and continents of these monsters that mark the boundary between the known and the unknown, including: their origins in the deserts of Africa; their struggles with their mortal enemies, elephants, in the jungles of South Asia; their fear of lightning; the world's first dragon slayer, in an ancient collection of Sanskrit hymns; the colossal sea monster Leviathan; the seven-headed "great red dragon" of the Book of Revelation; the Loch Ness monster; the dragon in Beowulf, who inspired Smaug in Tolkien's The Hobbit; the dragons in the prophecies of the wizard Merlin; a dragon saved from a centipede in Japan who gifts his human savior a magical bag of rice; the supernatural feathered serpent of ancient Mesoamerica; and a flatulent dragon the size of the Trojan Horse. From the dark halls of the Lonely Mountain to the blue skies of Westeros, we expect dragons to be gigantic, reptilian predators with massive, bat-like wings, who wreak havoc defending the gold they have hoarded in the deep places of the earth. But dragons are full of surprises, as is this book.

"From the Bible through Dante and up to Treblinka and Quatánamo Bay, here is a rich source for nightmares." --The New York Times Book Review Three thousand years of visions of Hell, from the ancient Near East to modern America From the Hebrew Bible's shadowy realm of Sheol to twenty-first-century visions of Hell on earth, The Penguin Book of Hell takes us through three thousand years of eternal damnation. Along the way, you'll take a ferry ride with Aeneas to Hades, across the river Acheron; meet the Devil as imagined by a twelfth-century Irish monk—a monster with a thousand giant hands; wander the nine circles of Hell in Dante's Inferno, in which gluttons, liars, heretics, murderers, and hypocrites are made to endure crime-appropriate torture; and witness the debates that raged in Victorian England when new scientific advances cast doubt on the idea of an eternal hereafter. Drawing upon religious poetry, epics, theological treatises, stories of miracles, and accounts of saints' lives, this fascinating volume of hellscape illuminates how Hell has long haunted us, in both life and death.

Dive into centuries of mermaid lore with these captivating tales from around the world. A Penguin Classic Among the oldest and most popular mythical beings, mermaids and other merfolk have captured the imagination since long before Ariel sold her voice to a sea witch in the beloved Disney film adaptation of Hans Christian Andersen's "The Little Mermaid." As far back as the eighth century B.C., sailors in Homer's Odyssey stuffed wax in their ears to resist the Sirens, who lured men to their watery deaths with song. More than two thousand years later, the gullible New York public lined up to witness a mummified "mermaid" specimen that the enterprising showman P. T. Barnum swore was real. The Penguin Book of Mermaids is a treasury of such tales about merfolk and water spirits from different cultures, ranging from Scottish selkies to Hindu water-serpents to Chilean sea fairies. A third of the selections are published here in English for the first time, and all are accompanied by commentary that explores their undercurrents, showing us how public perceptions of this popular mythical hybrid—at once a human and a fish—illuminate issues of gender, spirituality, ecology, and sexuality.

A collection of 100 postcards, each featuring a different and iconic Penguin book jacket. From classics to crime, here are over seventy years of quintessentially British design in one box. In 1935 Allen Lane stood on a platform at Exeter railway station, looking for a good book for the journey to London. His disappointment at the poor range of paperbacks on offer led him to found Penguin Books. The quality paperback had arrived. Declaring that 'good design is no more expensive than bad', Lane was adamant that his Penguin paperbacks should cost no more than a packet of cigarettes, but that they should always look distinctive. Ever since then, from their original - now world-famous - look featuring three bold horizontal stripes, through many different stylish, inventive and iconic cover designs, Penguin's paperback jackets have been a constantly evolving part of Britain's culture. And whether they're for classics, crime, reference or prize-winning novels, they still follow Allen Lane's original design mantra. Sometimes, you definitely should judge a book by its cover.

Haunting accounts of real-life exorcisms through the centuries and around the world, from ancient Egypt and the biblical Middle East to colonial America and twentieth-century South Africa A Penguin Classic Levitation. Feats of superhuman strength. Speaking in tongues. A hateful, glowing stare. The signs of spirit possession have been documented for thousands of years and across religions and cultures, even into our time: In 2019 the Vatican convened 250 priests from 50 countries for a weeklong seminar on exorcism. The Penguin Book of Exorcisms brings together the most astonishing accounts: Saint Anthony set upon by demons in the form of a lion, a bull, and a panther, who are no match for his devotion and prayer; the Prophet Muhammad casting an enemy of God out of a young boy; fox spirits in medieval China and Japan; a headless bear assaulting a woman in sixteenth-century England; the possession in the French town of Loudun of an entire convent of Ursuline nuns; a Zulu woman who floated to a height of five feet almost daily; a previously unpublished account of an exorcism in Earling, Iowa, in 1928—an important inspiration for the movie The Exorcist; poltergeist activity at a home in Maryland in 1949—the basis for William Peter Blatty's novel The Exorcist; a Filipino girl "bitten by devils"; and a rare example of a priest's letter requesting permission of a bishop to perform an exorcism—after witnessing a boy walk backward up a wall. Fifty-seven percent of Americans profess to believe in demonic possession; after reading this book, you may too.

An offbeat penguin shows his peers the power of individuality in this humorous tale from the author of Pookins Gets Her Way. Tacky is an odd bird. He likes to do splashy cannonballs and greet his companions with a loud "What's happening?" In fact, he's something of an eccentric, which wouldn't be a problem if all the other penguins weren't such conformists. When intimidating visitors invade their peaceful, nice, icy land, it'll take a lot more than a bunch of perfect penguins to save the day. Thank goodness Tacky's such an odd bird! "This book is must reading for any kid-or grown-up-who refuses to follow the pack."--Publishers Weekly

[Ahmad's] "introduction is fiery and charismatic... This book encompasses the diversity of experience, with beautiful variations and stories that bicker back and forth." --Farul Sehgal, The New York Times The first global anthology of migration literature featuring works by Mohsin Hamid, Zadie Smith, Marjane Satrapi, Salman Rushdie, and Warsan Shire, with a foreword by Edwidge Danticat, author of Everything Inside A Penguin Classic Every year, three to four million people move to a new country. From war refugees to corporate expats, migrants constantly reshape their places of origin and arrival. This selection of works collected together for the first time brings together the most compelling literary depictions of migration. Organized in four parts (Departures, Arrivals, Generations, and Returns), The Penguin Book of Migration Literature conveys the intricacy of worldwide migration patterns, the diversity of immigrant experiences, and the commonalities among many of those diverse experiences. Ranging widely across the eighteenth through twenty-first centuries, across every continent of the earth, and across multiple literary genres, the anthology gives readers an understanding of our rapidly changing world, through the eyes of those at the center of that change. With thirty carefully selected poems, short stories, and excerpts spanning three hundred years and twenty-five countries, the collection brings together luminaries, emerging writers, and others who have earned a wide following in their home countries but have been less recognized in the Anglophone world. Editor of the volume Dohra Ahmad provides a contextual introduction, notes, and suggestions for further exploration.
