Closed circuit television (CCTV) is experiencing a leap in technology using digital techniques, networking and the Internet. This new edition of the book CCTV demystifies DVR technology. It also serves to clarify the technology of data networking. The theoretical section explains the various compression techniques. Networking is also a new and unknown area for many CCTV installers and this is explained in a brand new section. New edition more accessible

It's South Africa 1990. Two major events are about to happen: the release of Nelson Mandela and, more importantly, it's Spud Milton's first year at an elite boys only private school. Cursed with parents from well beyond the lunatic fringe, a senile granny, and a dormitory full of strange characters, Spud has his hands full trying to adapt to his new home. Surrounded by names such as Gecko, Rambo, Rain Man and Mad Dog, Spud takes his first tentative steps along the path to manhood. (The path, it seems, could be a rather long road.) Armed with only his wits and his diary, Spud takes us from illegal night swimming to the red-hot furnace of the cricket pitch, from ghostbusting to a catastrophic family vacation. He also invites us into the mind of a boy struggling to come to terms with a strange new world; a boy whose eyes are being opened to love, friendship and complete insanity.

Offers practical advice on outdoor clothing, packs, sleeping bags, shelters, fire making, use of the axe, outdoor sanitation, camp cookery, edible plants, canoeing and trailcraft

In August of 1974, the photographer Nicholas Nixon made a group portrait of his wife, Bebe, and her three sisters, Heather, Mimi and Laurie the Brown sisters. He did not keep that image, but in 1975 he made another portrait of the four, who then ranged in age from 15 to 25. Working with an 8x10-inch view camera, whose large negatives capture a wealth of detail and a luscious continuity of tone, Nixon did the same in 1976, and this second successful photograph prompted him to suggest to the sisters that they assemble for a portrait every year. The women agreed, and have gathered for an annual portrait ever since. *Nicholas Nixon: 40 Years of The Brown Sisters* celebrates the fortieth anniversary of the series in 2014, featuring luminous tri-tone reproductions of all forty portraits, and a new afterword by curator Sarah Hermanson Meister, which examines the series public exhibitions, critical reception, and cult following. Like the previous editions of the series, published by The Museum of Modern Art in 1999 and 2008 for the twenty-fifth and thirtythird anniversaries of the series, and both out of print, *Nicholas Nixon: 40 Years of The Brown Sisters* is an important chapter in an ongoing project that we hope will continue for many years more.
