Book Review: Post-Photography: The Artist with a Camera ...
Post-Photography: The Artist with a Camera by Robert Shore is a new title from Laurence King Publishing. Examining key strategies employed by some of the most innovative, contemporary artist-photographers from around the world, the book is split into five sections – Something Borrowed, Something New; Layers of Reality; All the World Is Staged; Hand and Eye; and Post-Photojournalism.

Eyes are the windows to the soul. In photography — if you ' re photographing people, remember: eyes are the windows to the soul. If you look at the last few thousand years, most portraits of human beings focus on the eyes. Either having the eyes look straight at the viewer, or off into the distance.

But as healthcare improved the life expectancy of children, the demand for death photography diminished. The advent of snapshots sounded the death knell for the art - as most families would have ...

Taken from life: The unsettling art of death photography ... Revolutionary in his portrayal of still life and technical mastery of tone, Stieglitz called for photography ' s acceptance as an art form, as well as introducing avant-garde European artists such as Pablo Picasso, Constantin Brâncuși and Francis Picabia to America ' s art scene. Influenced by new developments in art, Stieglitz moved

A-Z of Modernist Photography | Tate

Postmodern photography is characterized by atypical compositions of subjects that are unconventional or sometimes completely absent, making sympathy with the subject difficult or impossible. Like other postmodern artists, the champions of postmodern photography contend that it is possible to ignore the “ rules ” and still create art.
