By Saskia Sassen - The Global City: New York, London ...

As a global city, San Francisco is a city of contradictions, where progressive politics and the 19th-largest economy in the world meet capitalism ' s most pervasive consequences, tech ' s hegemony and the intractable housing crisis push people in urban life ever outward, and the looming threat of rising sea levels means that SFMOMA itself could be under water in our lifetimes.

Global Cities and Their Discontents: Saskia Sassen and ...

Saskia Sassen /// The global city: the de-nationalizing of time and space The experience of the global is partial. It is not an all-encompassing umbrella. The multiple processes that constitute it inhabit and shape specific, rather than universal, structururations of the economic, the political, the cultural, the subjective.

Saskia Sassen /// The global city: the de-nationalizing of ...

Saskia Sassen is the Robert S. Lynd Professor of Sociology at Columbia University and a Member of its Committee on Global Thought, which she chaired till 2015. She is a student of cities, immigration, and states in the world economy, with inequality, gendering and digitization three key variables running though her work.

## Read Free Saskia Sassen Global City

Saskia Sassen

Saskia Sassen literally wrote the book on global cities back in 2001 (though her global cities work dates back well over a decade prior to that book). She gave a definition that has long struck with me. In short form, in the age of globalization, the activities of production are scattered on a global basis.

What Is a Global City? | Newgeography.com

Dr. Saskia Sassen, Columbia University Professor of Sociology, wrote an article for The Architect's Newspaper on how the powerless can "hack" global cities.

"The City: Localizations of the Global", in *Perspecta 36: "Juxtapositions": The Yale School of Architecture Journal*, eds. Macky McCleary and Jennifer Silbert. Cambridge, MA: MIT Press. February 2004.

Saskia Sassen

From the publisher: In this collection of essays, Saskia Sassen deals with such current topics as the "global city," gender and migration, information technology, and the new dynamics of inequality.

Saskia Sassen

Sassen aims to - unpack the concept of "the city" (p. xviii) - as a unit of analysis in sociology and economics from a global perspective. The scope of this endeavor is quite staggering and she has to bring an number of different fields under the same conceptual umbrella in order to capture the elusive character of 'the city'. Her method is the painstaking analysis of a huge amount of data ...
