Master–slave morality (German: Herren- und Sklavenmoral) is a central theme of Friedrich Nietzsche 's works, particularly in the first essay of his book, On the Genealogy of Morality. Nietzsche argued that there were two fundamental types of morality: "master morality" and "slave morality". Master morality values pride and power, while slave morality values kindness, empathy, and sympathy.

Master–slave morality - Wikipedia

Slave and Master Morality. In Beyond Good and Evil, Nietzsche (1844-1900 CE) detects two types of morality mixed not only in higher civilization but also in the psychology of the individual. Master-morality values power, nobility, and independence: it stands “ beyond good and evil. ” . Slave-morality values sympathy, kindness, and humility and is regarded by Nietzsche as “ herd-morality. ” .

Slave and Master Morality – Philosophical Thought

The main difference between master and slave morality is that the master morality emphasizes and values power and pride whereas the slave morality emphasizes and values qualities such as empathy, kindness, and sympathy. Consequently, master morality respects harshness and severity and sees life as glorious while slave morality sees humans as weak and helpless, and life as suffering.
