The LTOA is keen to emphasise the importance of ensuring that every young tree in London has access to the water that it needs to survive and establish. Every litre moving slowly through the canopy and seeping into the soil is a litre which will not end up flowing into the Thames, flooding the High Street on its way.

Sustainable Water Management - LTOA

The London Tree Officers Association (LTOA) feels that the current attitude toward trees in time of drought urgently needs to be challenged and revised. Rather than contributing to the problems associated with water management, trees are part of the solution.
