(1E 1991) Compares DSM-IV & realted NANDA diagnoses/incl. critical thinking questions of a legal or ethical nature/etc

Covering the field ' s latest trends and treatments, Psychiatric Nursing, 8th Edition provides you with the solid, therapeutic skills you need to deliver safe and effective psychiatric nursing care. This new edition features a unique, three-pronged approach to psychotherapeutic management which emphasizes the nurse ' s three primary tools: themselves and their relationship with patients, medications, and the environment. Written in a friendly, approachable style, this text clearly defines the nurse ' s role in caring for individuals with psychiatric disorders like no other book on the market! Unique! A practical, three-pronged approach to psychotherapeutic management includes: 1) the therapeutic nurse-patient relationship, 2) psychopharmacology, and 3) milieu management. Unique! Norm ' s Notes offer helpful tips from the lead author, Norman Keltner, at the beginning of each chapter, making it easier to understand difficult topics DSM-5 information is integrated throughout the text, along with updated content and NANDA content. Patient and Family Education boxes highlight information that the nurse should provide to patients and families. Nursing care plans highlight the nurse ' s role in psychiatric care, emphasizing assessment, planning, nursing diagnoses, implementation, and evaluation for specific disorders. Case studies depict psychiatric disorders and show the development of effective nursing care strategies. NEW! Chapter on Models for Working with Psychiatric Patients revised as new chapter on Emotional Focused Model of Behavior. NEW! Update to various chapters within Unit III: Medication: Psychopharmacology, include the latest drugs used for managing psychiatric disorders. NEW! Update to Communicate Professionally chapter includes methods of communication including social media and other current forms of technology. NEW! Update to Variables Affecting The Therapeutic Environment: Violence and Suicide chapter reorganizes how the five-phase assault cycle is presented so it flows better and is easier to comprehend. NEW! Several of the clinical disorders chapters such as the Schizophrenia, Depressive Disorders, and Anxiety Disorders updated with the latest information on treatments and drugs.

Learn the therapeutic skills you need to succeed in the nurse ' s role in psychiatric care! Psychiatric Nursing, 7th Edition uses a practical approach to psychotherapeutic management that clearly explains how to manage and treat individuals with psychiatric disorders. It emphasizes the nurse ' s three primary tools: you and your relationship with patients, medications, and the environment. This edition adds a new chapter on forensics along with coverage of the latest trends and treatments. Written by educators Norman Keltner and Debbie Steele, this text provides a solid, real-world foundation for the practice of safe and effective psychiatric nursing care. Unique! A practical, three-pronged approach to psychotherapeutic management includes: 1) the therapeutic nurse-patient relationship, 2) psychopharmacology, and 3) milieu management. Unique! Norm ' s Notes offer helpful tips from the lead author, Norman Keltner, at the beginning of each chapter, making it easier to understand difficult topics. Nursing care plans highlight the nurse ' s role in psychiatric care, emphasizing assessment, planning, nursing diagnoses, implementation, and evaluation for specific disorders. Case studies depict psychiatric disorders and show the development of effective nursing care strategies. Unique! Putting It All Together summaries are provided at the end of each psychopathology chapter. Clinical examples from the authors ' own experiences illustrate concepts with real-life clinical situations. Study Notes summarize each chapter ' s important content. Learning objectives at the beginning of each chapter preview the important principles to follow. Critical thinking questions help you develop clinical reasoning skills. Family Issues boxes highlight the issues that families must confront when a member suffers from mental illness. Learning resources on the Evolve companion website include video lectures, psychotropic drug monographs, and NCLEX® exam-style review questions. Patient and Family Education boxes highlight information that the nurse should provide to patients and families. A glossary defines key terms, providing a handy reference at the back of the book. NEW! DSM-5 information is integrated throughout the text, along with updated content and NANDA content. NEW! Survivors of Violence and Trauma chapter focuses on psychiatric treatment for individuals with mental illness in sex trafficking and forensic environments, along with the social implications for individuals, families, and communities. NEW! Integration of QSEN competencies highlights the competencies relevant to psychiatric nursing care such as safety, communication, evidence-based practice and others. NEW! Additional NCLEX® examination-style review questions on the Evolve companion website cover concepts likely to appear on class tests and the NCLEX exam.

Learn the therapeutic skills you need for your role in psychiatric nursing care! Psychiatric Nursing uses a practical, three-pronged approach to psychotherapeutic management that clearly explains how to care for patients with psychiatric disorders. It emphasizes the nurse's three primary tools: themselves, medications, and the environment. Written by Norman L. Keltner, Carol E. Bostrom, and Teena McGuinness, each an educator and advanced practice nurse, this text covers the latest trends and treatments and provides a solid, real-world foundation for the practice of safe and effective psychiatric nursing care. Unique! A practical three-pronged approach to psychotherapeutic management includes: 1) the therapeutic nurse-patient relationship, 2) psychopharmacology, and 3) milieu management. Unique! Norm's Notes offer helpful tips from the lead author at the beginning of each chapter, making it easier to understand difficult topics. Unique! This convenient, money-saving package is a must-have for any nursing student! It includes Potter's Fundamentals of Nursing, 6th edition and a FREE Clinical Companion.

Good police officers are often promoted into supervisory positions with little or no training for what makes a good manager. Effective Police Supervision provides readers with an understanding of the group behaviors and organizational dynamics necessary to understand the fundamentals of police administration. The Effective Police Supervision Study Guide, which includes quizzes and other study tools, gives students, as well as professionals training for promotional exams, a way to review the material and be fully prepared for examinations and the world of police supervision. This new edition, like the new edition of the textbook it accompanies, includes information on the following topics: police accountability, police involvement with news media, dealing with social media, updates on legal considerations, and avoiding scandals.

Discover the ten myths sabotaging your love life, and the practical, science-backed tools you can use to reveal your relationship ' s hidden strengths and build a fulfilling, long-lasting bond. Dr. Gary W. Lewandowski Jr. is a nationally recognized expert on the psychology of relationships. In his first book, he blends hot-off-the-press science, engaging writing, impactful examples, and fascinating stories to present an impressive range of refreshing and eye-opening set of insights. For instance, did you know that . . . To forecast your relationship's future, you are the worst person to ask. Men are the real romantics in heterosexual relationships, not women. The amount of sex you should have to keep your relationship going strong is lower than you think. It's okay to be selfish. Putting me before you, can help both of you. When it comes to closeness, you can have too much of a good thing. Struggles actually strengthen your relationship. In terms of partner support, what you ' re not seeing is more important than what you notice. When your relationship doesn't help you become a better person, ending it does. A bold, fresh take on what it means to love and be loved, Stronger Than You Think will help you more confidently and accurately view yourself and your relationship—so that you can fully appreciate the love you have, or find the one you want and deserve.
