I like Abigail Roux's writing, usually. This book is a hot mess. The characters are interesting and the premise is good, but good lord the book is too looonng by at least 200 pages. Six men are fighting for their lives by sitting idle in seedy motels and apartments and playing musical beds over and over again.

Cameron Jacobs is an open book. He considers himself a common waiter with normal friends, boring hobbies, harmless dogs, and nothing even resembling a secret... except a crush on a tall, dark, devastatingly handsome man who dines alone at his restaurant on Tuesday nights. All it takes is one passionate night with Julian Cross to turn Cameron's world on its head. Julian's love and devotion are all Cameron could have hoped for and more. But when his ordinary life meets and clashes with Julian's extraordinary lifestyle, Cameron discovers that trust and fear can go hand in hand, and love is just a step away from danger.

A series of murders in New York City has stymied the police and FBI alike, and they suspect the culprit is a single killer sending an indecipherable message. But when the two federal agents assigned to the investigation are taken out, the FBI takes a more personal interest in the case. Special Agent Ty Grady is pulled out of undercover work after his case blows up in his face. He's cocky, abrasive, and indisputably the best at what he does. But when he's paired with Special Agent Zane Garrett, it's hate at first sight. Garrett is the perfect image of an agent: serious, sober, and focused, which makes their partnership a classic cliché: total opposites, good cop-bad cop, the odd couple. They both know immediately that their partnership will pose more of an obstacle than the lack of evidence left by the murderer. Practically before their special assignment starts, the murderer strikes again - this time at them. Now on the run, trying to track down a man who has focused on killing his pursuers, Grady and Garrett will have to figure out how to work together before they become two more notches in the murderer's knife."

One Thing: Book Two Dustin Davis spent years wishing for a prince but kissing frog after slimy frog. When he sees Archer Kyriakides for the first time, Dusty thinks his luck has finally changed. Archer could be it. The One. But their hot and cold romance leaves Dusty confused: why does it feel right one moment and wrong the next? It doesn't make sense--until the day Dusty meets Archer's identical twin, Asher, and realizes he's been seeing them both. Asher Kyriakides dreams of being a fashion photographer, but he's stuck with a job he hates and an irresponsible playboy brother whose habits drive him absolutely insane, especially when he finds out Archer is dating the cute little blond Asher can't seem to forget. Torn between loyalty and desire, Asher does nothing but try to warn Dusty away. But when Archer finally goes too far, Dusty turns to Asher for comfort, and Asher knows he can't refuse. It isn't long before they realize they're falling fast, but more than one thing stands in their way, not the least of which is Archer, who isn't quite ready to stop being a thorn in his brother's side.

Don ' t date your bodyguard. It was the one rule he had to break. Maximoff Hale is a force of nature. A ship unwilling to be steered. Headstrong, resilient, and wholly responsible — the twenty-two-year-old alpha billionaire can handle his unconventional life. By noon, lunch can turn into a mob of screaming fans. By two, his face is all over the internet. Born into one of the most famous families in the country, his celebrity status began at birth. He is certified American royalty. When he ' s assigned a new 24/7 bodyguard, he comes face-to-face with the worst case scenario: being attached to the tattooed, MMA-trained, Yale graduate who ' s known for “ going rogue ” in the security team — and who fills 1/3 of Maximoff's sexual fantasies. Twenty-seven-year-old Farrow Keene has one job: protect Maximoff Hale. Flirting, dating, and hot sex falls far, far out of the boundary of his bodyguard duties and into “ termination ” territory. But when feelings surface, protecting the sexy-as-sin, stubborn celebrity becomes increasingly complicated. Together, boundaries blur, and being exposed could mean catastrophic consequences for both.

Cut & Run Series Book Three: Sequel to Sticks & Stones Special Agents Ty Grady and Zane Garrett are back on the job, settled into a personal and professional relationship built on fierce protectiveness and blistering passion. Now they're assigned to impersonate two members of an international smuggling ring-an out-and-proud married couple-on a Christmas cruise in the Caribbean. As their boss says, surely they'd rather kiss each other than be shot at, and he has no idea how right he is. Portraying the wealthy criminals requires a particular change in attitude from Ty and Zane while dealing with the frustrating waiting game of their assignment. As it begins to affect how they treat each other in private, Ty and Zane realize there's more to being partners than watching each other's backs, and when the case takes an unexpected turn and threatens Ty's life, Ty and Zane will have to navigate seas of white lies and stormy secrets, including some of their own.

Home from their unexpected deployment, the former members of Marine Force Recon team Sidewinder rejoin their loved ones and try to pick up the pieces of the lives they were forced to leave behind. Ty Grady comes home to Zane Garrett, only to find that everything around him has changed-even the men he went to war with. He barely has time to adjust before his brother, Deuce, asks Ty to be his best man. But that isn't all Deuce asks Ty to do, and Ty must call for backup to deal with the business issues of Deuce's future father-in-law. Nick O'Flaherty and Kelly Abbott join Ty and Zane at the wedding on an island in Scotland, thinking they're there to assuage Deuce's paranoia. But when bodies start dropping and boats start sinking, the four men get more involved with the festivities than they'd ever planned to. With the clock ticking and the killer just as stuck on the isolated island as they are, Ty and Zane must navigate a veritable minefield of family, friends, and foes to stop the whole island from being destroyed.

After witnessing a mob hit, surgeon Jack Francisco is put into protective custody to keep him safe until he can testify. A hitman known only as D is blackmailed into killing Jack, but when he tracks him down, his weary conscience won't allow him to murder an innocent man. Finding in each other an unlikely ally, Jack and D are soon on the run from shadowy enemies. Forced to work together to survive, the two men forge a bond that ripens into unexpected passion. Jack sees the wounded soul beneath D's cold, detached exterior, and D finds in Jack the person who can help him reclaim the man he once was. As the day of Jack's testimony approaches, he and D find themselves not only fighting for their lives... but also fighting for their future. A future together.
