Together they brought the whole continent to its knees... Until the day she abandoned her army, on the eve of total victory. 40 years later, she must bring her former captains back together for one final stand, in the small town of Tarnbrooke – the last bastion against a fanatical new enemy tearing through the land, intent on finishing the job Black Herran started years before. The story behind The Magnificent Seven could have been a movie in itself. It had everything—actors’ strike, writers’ strike, Mexican government interference and a row between the screenwriters that left one removing his name from the credits, all under the lingering gloom of post–McCarthy era Hollywood. A flop on release, it later became a box office hit. This book tells the behind-the-scenes story: how Yul Brynner became the biggest independent producer in Hollywood; why John Sturges was not the first choice after Brynner surrendered the director’s chair; why Sturges quit; the truth about the Mirisch Company (producers); the details of the film’s botched release and unlikely redemption; the creation of Elmer Bernstein’s classic score; and how interecine fighting prevented the making of the television series in 1963. Myths about Steve McQueen, his feud with Brynner and the scene-stealing antics of the cast are debunked. A close examination of the various screenplay drafts and the writers’ source material—Akira Kurosawa’s Seven Samurai—shows who wrote what. Extensive analysis of Sturges’ directorial work is provided.

An epic battle that will decide the fate of the North unfolds in this novel set in the world of the First Law from NYT bestselling author Joe Abercrombie. Three men. One Battle. No Heroes. They say Black Dow's killed more men than winter, and clawed his way to the throne of the North up a hill of skulls. The King of the Union, ever a jealous neighbor, is not about to stand smiling by while he claws his way any higher. The orders have been given and the armies are toiling through the northern mud. Thousands of men are converging on a forgotten ring of stones, on a worthless hill, in an unimportant valley, and they've brought a lot of sharpened metal with them. Bremer dan Gorst, disgraced master swordsman, has sworn to reclaim his stolen honor on the battlefield. Obsessed with redemption and addicted to violence, he's far past caring how much blood gets spilled in the attempt. Even if it's his own. Prince Calder isn't interested in honor, and still less in getting himself killed. All he wants is power, and he'll tell any lie, use any trick, and betray any friend to get it. Just as long as he doesn't have to fight for it himself. Curnden Craw, the last honest man in the North, has gained nothing from a life of warfare but swollen knees and frayed nerves. He hardly even cares who wins any more, he just wants to do the right thing. But can he even tell what that is with the world burning down around him? Over three bloody days of battle, the fate of the North will be decided. But with both sides riddled by intrigues, follies, feuds and petty jealousies, it is unlikely to be the noblest hearts, or even the strongest arms that prevail. For glory, for victory, for staying alive.
