A true story of life, death and autism. Two little children loved very much. The youngest is diagnosed as autistic. Then there is devastating news about her sister who is rushed to hospital. All we could do was pray, hope for a miracle and make the most of every day. This is our story.

As Christmas descends on Linden Corners, Janey is worried about losing her traditions and longs for her birth parents, while Brian grieves over the loss of his soul mate and seeks to move on with newcomer Trina Winter.

Olivia and Carl appear to have the perfect life: a son and a daughter, weekends on Cape Cod and satisfying jobs as professors at Belvedere College in a picturesque Massachusetts town. Until, one day, the seemingly stable and dependable Carl disappears without a trace, leaving behind only a cryptic note. Alone and terrified, Olivia cannot help but relive the long-buried pain she felt when she lost her first husband. While Carl travels back to his childhood hometown to confront the demons he has always hidden from his wife, Olivia must take a journey of her own to make peace with the memories that haunt her. Told with unflinching honesty, *The Windmill* is a story of the secrets we are entitled to keep and those that must be shared.
