United is a founding member of the Star Alliance network. The airline has a rich history in aviation, tracing its roots to 1926 when a small Swallow biplane owned by Walter T. Varney carried airmail to Nevada from Pasco, Washington — this marked the true beginning of commercial air transportation and the birth of United Airlines.

The Moon is our nearest neighbour in space. It is a stark, barren world with no atmosphere and measures 2,160 miles across. It lies approximately 239,000 miles from Earth,

The only single source collection of over 950 teams in 36 major professional leagues—baseball, football, soccer, basketball, and hockey. Also contains the first genealogy ever compiled on all these leagues.

This third edition takes a fresh approach to the study of sport, presenting key concepts such as socialization, race, ethnicity, gender, economics, religion, politics, deviance, violence, school sports and sportsmanship. While providing a critical examination of athletics, this text also highlights many of sports' positive features. This new edition includes significantly updated statistics, data and information along with updated popular culture references and real-world examples. Newly explored is the impact of several major world events that have left lasting effects on the sports realm, including a global pandemic (SARS-CoV-2, or COVID-19) and social movements like Black Lives Matter and Me Too. Another new topic is the "pay for play" movement, wherein college athletes demanded greater compensation and, at the very least, the right to profit from their own names, images and likenesses.

Volume XIII includes scientific articles and reports from the 16th International Scientific Conference on the topic of „ The science and digitalisation in help of business, education and tourism “ , September 7th -8th , 2020, Varna, Bulgaria.

Almost Everything You Need to Know About Leading the Good Life Too many decisions. Too many choices. What today ' s smart consumer must have is a money-and-time-saving guide for conducting the " business of life " —both the big challenges, such as getting top-notch health care for the family and the best education for the kids, and the pleasurable ones, like plotting the family summer vacation. Nancy Keates and her expert colleagues at The Wall Street Journal provide all-new material that gives the lowdown on: The Savvy Traveler: How to cut to the chase and not only avoid the indignity of cramped plane seats and overpriced tickets, but also get the best and safest seats at the same time. The Fine Art of Dining and Drinking: Landing the hottest table in town—at a discount; picking wine without becoming a wine snob; and learning about " barley matters " —the newest, hottest beers. How to Speak Geek: Demystifying tech trends, with smart advice on not only what high-tech gadgets to buy but how to shop for them. Everything You Need to Know About Buying, Selling and Financing a Car: How to get the best and safest vehicle at the best price. Real Estate: Will the bubble burst? Here ' s how to be an informed buyer and seller along with the basics of remodeling and designing your home. How to Be an Informed Patient: Choosing a hospital, playing private investigator with your M.D., and learning about the tests you really ought to have (even if you have to pay for them yourself). Getting Real Bang for Your Education Bucks: What you need to know from preschool through college and graduate school. The Great Balancing Act: Managing work and family, and finding out how to avoid the overstretched child and parent syndromes. Financing Your Life: It was easy in the 1990s, but the world has changed dramatically. Here ' s how to deal with the new world of saving, investing and borrowing money. Shopping: The New Sex? Throw away your Kama Sutra. The number one thrill in shopping is getting a good deal—here ' s how to play the game and get the best stuff at the best price. The Wall Street Journal Guide to the Business of Life is both an instruction manual for living life to the fullest and a fun read about what really matters in the day-to-day. It has all the basic insight and information you need to navigate through life along with hilarious side trips such as " The Three-Decorator Experience " and " Cruises: Sailing New Waters. "

This book describes geriatrics practice models that are used to guide the care of older adults, allowing seniors to remain at home, prevent functional disability and preserve quality of life. The models include specific interventions which are performed by health care workers to address the needs of older persons and their caregivers. These models respect patient values, consider patient safety and appreciate psychosocial needs as well. Divided into six parts that discuss hospital-based models of care, transitions from hospital to home, outpatient-based models of care and emergency department models of care, this text addresses the needs of vulnerable patients and the community. Geriatric Models of Care is an excellent resource for health care leaders who must translate these programs to address the needs of the patients in their communities.

Develop the knowledge and skills you need to maintain and troubleshoot today ' s complex heating, air conditioning, and refrigeration systems with REFRIGERATION AND AIR CONDITIONING TECHNOLOGY, 8th Edition. This practical, easy-to-understand book provides hands-on guidance, practical applications, and the solid foundation you need to fully understand today ' s HVAC service and repair, its environmental challenges, and their solutions. Focused on sustainable technology in today ' s HVAC/R industry with an emphasis on new technologies and green awareness, the 8th Edition covers the latest advances in the industry and the all-important soft skills and customer relations issues that impact customer satisfaction and employment success. Memorable examples, more than 260 supporting photos, and unique Service Call features bring concepts to life and help you develop the critical skills you need for success in your future career.
