The first in a series of highly practical, hands on, step-by-step photographic manuals. Replacing Your Boat's Engine fills a gap in the market for the DIY boat builder and repairer. It is a subject covered only in piecemeal fashion by the yachting press, which, like general boat repair manuals, can't go into the level of detail Mike Westin does. This is a visual, hand-holding guide, dwelling on the practical details of replacing a boat's engine and related systems as it explains each procedure rather than focusing on the theory (which is relegated to an appendix, for those who wish to go further). Anyone who wishes to upgrade their boat's engine or replace an ailing or broken engine will find this step-by-step illustrated book a hand-holding godsend.

In the book In Search of Paradise: Gintong Luha, five gold coins save the lives of Eric " Wake " Palmer and his fianc 6 e, Dr. Kathleen Mercado. This is a story of a couple who fall in love and then, through circumstance, are betrayed by a trusted acquaintance that results in their abduction by pirate-terrorists while on a sailing excursion. What ensues next is a struggle for survival and finding a means of escape from cruel and lethal captors who would not think twice about cutting their heads off and placing them on a bamboo pole if their ransoms are not paid. The story is engrossing and will have readers turning pages to learn of the couple ' s fate and what events will prompt the story to continue into book 2 of the In Search of Paradise series.
